

STRATEGIC INITIATIVES

1. EVC will improve student success
 - a. Expand the development of educational and career pathways.
 - b. Increase the number of students earning a degree, certificate, or transferring to a four-year institution and reduce the average number of units accumulated by students earning an associate degree.
 - c. Assess and strategically enhance enrollment and completion through practices supporting the student's college experience.
2. EVC will support student success
 - a. Address student basic needs.
 - b. Enhance academic support through early intervention.
 - c. Increase health and mental wellness support.
3. EVC will enhance internal institutional effectiveness
 - a. Clarify the college governance structure.
 - b. Strengthen internal communications to facilitate a more cohesive college community.
 - c. Address program influence/impact on the college.
 - d. Establish structure and timeline for measuring internal institutional effectiveness.
4. EVC will enhance institutional effectiveness in the community at large
 - a. Increase mutually beneficial activities in the San Jose community and South Bay region.
 - b. Increase community use of college property.
 - c. Increase the portion of CTE program graduates who find work in their field of study.
 - d. Establish a structure and a timeline for measuring external college impact.
